## Hydraulic Hoses When You Need Them!

If your operation runs 24/7 (or anytime other than normal business hours), you may need the ability to fabricate your own hoses. When downtime is critical or running into town isn't convenient, a Gate's Hose Crimper Program may be the right fit for you.

At DFP, we can help you determine the right package for your operation and budget. We offer a full-line of accessories from assembly tables to crimper stands, fitting bins, reel racks and hose saws. Everything you need to get started right away!

With every package we provide equipment and safety training to ensure you can make quality, reliable assemblies.
